

PILOT PLATFORM OF VOCATIONAL EXCELLENCE – WATER (PILOT PoVE WATER)

Vocational Excellence Scanning tool - Questionnaires

Co-funded by the
Erasmus+ Programme
of the European Union

This programme has been funded with support from the European Commission. The author is solely responsible for the content and accepts no responsibility for any use that may be made of the information contained therein.

Project number: n° 612632-EPP-1-NL-EPPKA2-SSA-P

The questionnaires will enable further analysis of the partner organisations internally and externally, creating partnerships that support the Vocational Excellence Centres.

The links provided should be sent out by the regional captains to their partners/stakeholders in the region.

To accompany the links we have provided text for the email that you will send to your partners/stakeholders to explain the purpose of the questionnaires however, you can choose to use your own for a more personal touch.

Platform of Vocational Excellence Water Education questionnaire

Introduction

In a world of ultra-rapid change, we need robust vocational and professional education to build a sustainable future for the water sector. In order to do so, education providers and employers will have to work closely together, based on the challenges and demands from the sector. Therefore, we would like to ask you to fill out this questionnaire. The results of this questionnaire will be used as input for the [Platform of Vocational Excellence Water project](#). Over the next 2 years, we will bring education and business partners together in this project, working on concrete actions to address the challenges we face together. Therefore, your input is much appreciated.

Draft invitation:

Dear [name],

As you are aware of, the water sector is facing many challenges, from recruiting new students and staff, to retraining employees and sharing training facilities.

In the EU funded [Platform of Vocational Education Water](#) project, we are bringing together education providers and employers in the water sector to find concrete solutions to these issues. In order for these solutions to be successful, we strongly believe we need to start with the questions and demands from the water sector itself. Since you are an important partner for us, and a major stakeholder in the water sector, we would like to ask you to fill out this questionnaire [add link], which will take you about 15 minutes. If possible, we would like to ask you to finish the questionnaire before [add date here].

Later this year, we will organise workshops to discuss the outcomes of the questionnaire and put them into concrete actions. You will receive an invitation for these workshops in due time. For now, we would like to thank you for your input and your time. If you have any questions about the project or the questionnaire, please do not hesitate to contact me.

Kind regards,
[name of regional captain]
